NOTE.

I have one seen profesors ask for understanding of a students termanty/ sexual identity but in the way those questions were possed if was more authorized with cauteen to make the relationship between student and stuff more open of clearer with communication.

They state their opinions about religion that is most of the time offensive.

Most of my friends werent able to get an appointment either. Whats up with the same day appointment? Sterra never had that. I've called counciling almost every week now.

There was a special ed student in my class that would frequently ask questions to clarify. The instructor would roll her eyes, cut him off, or ignore him.
